Startup Ecosystem · Events & Partnerships · Program Operations

Operator and venture builder with 4+ years of hands-on ownership across hospitality, sustainability, and early-stage startups — from leading a Green Globe certification across three resorts single-handedly to running 30+ market-validation interviews and securing grant funding for my own edtech venture. I do my best work in fast-growing, slightly chaotic teams where people, strategy, and execution meet. Experienced public speaker and host — from representing student committees before 50 industry CEOs to pitching ventures live. Currently completing an MSc in Strategic Entrepreneurship alongside full-time work. Native in German, Spanish, and Catalan — fluent in English and French.
